

# Make it Special!!!

Each girl's prom is a special day to them. I'll even bet you can still remember the details of your own (I know I can). Here are some unique ways of how to finish and deliver all the hard work you have already done to gain this customer for your business. Making it special can also be a chance for add on sales, like balloons and roses for the date or mother of the date. Remember, more ideas on this topic, as well as other marketing ideas, can be found at [www.creationsbyfitzdesign.com](http://www.creationsbyfitzdesign.com) under the marketing header.

## **Make it special:**

- Deliver orders on a silver platter.
- Add a rose to all corsage orders as a bonus to the boy for the mom.
- Include a thank you card from you shop with the order.
- Send "Thank you and visit us again" incentive postcards after the Prom.

These are just a few simple ways to keep your customers coming back and happy, and of course, supporting your business. Please visit us at [www.creationsbyfitzdesign.com](http://www.creationsbyfitzdesign.com) for more unique marketing ideas from Fitz Design.

Wishing you a great and profitable Prom 2009!!!
